

Committee II
Delegate - Heritage Vancouver Society
March 8, 2017

1. As a member of heritage liaison committee, why have our meetings been cancelled and why were we not given the heads up about this change of plan with respect to Little Yellow Schoolhouse?
2. Little Yellow Schoolhouse is heritage building with many historical references for the community in Kitsilano.
3. Question why Montessori felt they had to walk away from the deal they thought they had. Answers to this are needed.
4. PAC committee's views are one position but theirs is a concern for the immediate and current. Both the Heritage Community and the Board need to take the long view and that means considering heritage and historical context in decision making.
