The Budget Challenge

The Vancouver School District is a large, urban and multicultural public school district that includes some of the most affluent and impoverished urban neighbourhoods in the country. This setting provides wonderful opportunities as well as serious challenges. The district is known for the range of amazing programs available for our students. These include International Baccalaureate, Montessori, alternate programs, mini-schools, chef's training, robotics, and focus areas on the Fine Arts, technology, and athletics.

Our schools attend to a wide diversity of learner needs, and as our Core Purpose states: "It is our collective responsibility to ensure the highest quality of learning experience for all students with a focus on student engagement, learning and development in a safe, inclusive environment."

We have incredible staff who are committed to ensuring the very best educational opportunities for all of our students. Whether at the district level or out in schools, our dedicated staff, no matter what their role is, contribute in many ways to the success of our students.

In spite of the budget challenges faced over these last several years, staff and students have shown resiliency and strength to do the best job that they can in support of teaching and learning. However, the impact of the reductions proposed in order to balance the proposed 2010-2011 operating budget will shake the very core of the system. Facing such a difficult predicament, facility closure is much closer to becoming a reality for the Board and our community. Cuts and changes in areas of non-enrolling teachers, specialty teaching programs, support to schools, staff development, school and district administration, special programs, and facility operations will compound and compromise the ability for our system to maintain and continue the same level of service provided in the past. For the first time, we will consider calendar changes in order to reduce job cuts. However, given the size of the shortfall and the fact that over 90% of the operating budget is for salaries and benefits, layoffs will be inevitable.

By its very nature, this is a "Human organization." We are thoughtful, dedicated people who want the very best for the students in our collective care and we rely upon each other to ensure that this is so. These cuts will undoubtedly take a toll on an already overworked system. Out of necessity, the limited remaining support to schools will be placed in clusters around communities of schools. While still maintaining a global, district-wide support for areas such as Aboriginal Education, Alternate and Special Education, most Learning Service areas will be severely curtailed. The resultant outcome will mean reduced service to schools and the reliance of schools to work together as individual and collaborative units.

While our ultimate goal and 'Core Purpose' as stated at the outset will remain, our ability to attend to the myriad challenges and individual needs will take a very different pathway in the coming years.

1.0 Overview

In accordance with the School Act, the Vancouver Board of Education (VBE) is required to submit a preliminary budget for the next fiscal year by June 30th. The preliminary budget is based on the projected student enrolment for the new year, the preliminary Provincial operating grant for the Vancouver School District as announced by the Ministry of Education in March, and projected changes in costs and other revenues.

The preliminary budget cannot result in an operating deficit for the district, without approval of the Province. After adjusting for projected changes in enrolment, a funding shortfall of \$18.12 million is projected for 2010/2011 in order to provide the same programs and levels of service as currently exists within the district. Accordingly, this document presents preliminary budget proposals that will reduce expenditures and increase revenues in order to achieve a balanced operating budget for 2010/2011 (see Attachment A, page 14).

In addition to the projected funding shortfall for the operating budget, an initial projected funding shortfall of \$0.60 million is projected for CommunityLINK programs for 2010/2011 based on projected increases in salary and supply costs, and assuming the same level of provincial funding. These programs include Community School Teams, School Meals Program and Youth and Family Workers Rehab. As the Province has not yet announced the district CommunityLINK grants for 2010/2011, the precise amount of any funding shortfall for CommunityLINK programs is still unknown. Budget proposals to address the initial \$0.60 million funding shortfall for CommunityLINK programs will be presented in a separate document. Additional budget proposals may have to be presented after the provincial funding for the VBE is known. Attachment B (page 47) provides more information with respect to the CommunityLINK Programs and the preliminary estimated funding shortfall for 2010/2011.

The preliminary budget proposals contained in this document have been developed by the District Management Team with input from Trustees. The Board of School Trustees will be formally consulting with stakeholders and the public regarding these proposals prior to their finalization and adoption on April 29, 2010. Details of the budget consultation process are included in Attachment C (page 49).

2.0 **Guiding Principles**

2.1 **Success for All Students**

In setting direction and taking action, the District will be guided by its strong beliefs and values about public education.

The District places a high priority on success for all students. It will strive to:

- enable the success of *all* students through deep intellectual, academic and social engagement by:
 - personalizing learning through greater choice and flexibility;
 - creating opportunities, which lead to post-secondary education and the world of work;
 - attending to learner voice and engage *all* students in their learning through deep experiences;
 - facilitating an appropriate and technologically rich learning environment so that students can attain 21st century learning skills;
 - enhancing learning through critical thinking, problem-solving and project-based learning;
 - promoting social responsibility and good citizenship; and
 - encouraging high levels of artistic, athletic and scholastic endeavour.
- provide a safe, sustainable, healthy, orderly and caring learning environment for *all* students;
- ensure an inclusive system, which provides equality and equity for *all* learners;
- attend to organizational, instructional and leadership capacities within current contexts and constraints;
- ensure succession, efficacy, collaboration and interdependence; and
- support sustainable energy-saving, green operations.

2.2 **Budget Guidelines**

The preliminary budget is intended to support success for all students. To fulfill this purpose, the district will continue to advocate for adequate funding for public education from the provincial government. At this stage, however, a funding shortfall is projected for 2010/2011. Accordingly, budget proposals are required in order to achieve a balanced budget. The preliminary budget proposals presented in this document have been developed based on the following general budget guidelines:

- priority should be given to the core K-12 mandate;
- minimize any negative impact on the classroom in order to continue to support the success of all students;
- services for students with unique needs (i.e. special education, ESL and Aboriginal Education) should be supported in the most effective and cost efficient manner in order to provide equity for all learners;
- opportunities to introduce new, innovative, cost effective service delivery models should be investigated and implemented, where possible;
- the interdependence of the many parts of our school system should be recognized; and
- the Board will continue to comply with existing legislative and collective agreement requirements.

3.0 Budget Background

3.1 2009/2010 Preliminary Operating Budget

The Board of Trustees approved a 2009/2010 Preliminary Operating Budget in April, 2009. A funding shortfall of \$7.12 million was projected. Accordingly, budget proposals were approved by the Board to achieve a balanced budget. These proposals included the use of one-time funding from the Local Capital Reserve (\$2.7 million).

Based on the approved budget proposals, revenues and other funding sources totalled \$484.3 million. The majority (93.4%) of revenues is derived from provincial grants. The level of provincial funding, therefore, has a very significant impact on the educational services and programs that can be provided. VBE generated revenues represent 5.2% of total operating revenues and are primarily derived from international education student fees, rentals, leases and investment income. The revenue sources are detailed in the graph below.

Expenditures in the 2009/2010 Preliminary Budget also totalled \$484.3 million. Approximately 84.0% of the operating budget is expected to be spent on instruction related costs. This includes teachers, educational assistants, school administrators and support staff and school based supplies and services. Facilities operations and maintenance accounts for 12.1% of expenditures, district administration 3.0% and transportation for special needs students 0.6%. Provisions for the reduction in the unfunded liability for employee future benefits (e.g. early retirement incentive plan) and interfund transfers for such things as furniture and equipment capital purchases represent 0.3% of expenditures.

The following graph outlines the operating expenditures by function for 2009/2010.

The following graph outlines the operating expenditures by type for 2009/2010. Approximately 91.6% of the \$484.3 million operating budget is expected to be spent on salaries and employee benefits (\$443.5 million). Supplies and services and other minor expenditures account for approximately 8.4% of the budget.

3.2 2009/2010 Amended Operating Budget

On March 1, 2010, the Board of Trustees approved a 2009/2010 Amended Operating Budget. This amended budget included approvals by the Board to date, enrolment changes as at September 30, 2009 and distributed learning enrolment as at February 5, 2010, the recalculated operating grant for the VBE, as announced by the province on December 8, 2009 and other projected changes in revenue and expenditure factors.

A surplus of \$2.9 million for 2009/2010 was projected due primarily to the following budget changes:

- higher September enrolment than anticipated (\$2.01 million);
- lower final provincial funding than anticipated (\$1.93 million);
- higher than anticipated enrolment for Distributed Learning, Special Education and refugees as at February, 2010 (\$0.94 million);
- other projected budget reductions largely attributable to lower than projected utilities costs and teacher on call costs, offset by increased fringe benefits costs (municipal pension, MSP, CPP) and decreased interest revenue due to reduction in interest rates and cash balances (\$1.24 million, net); and
- one-time appropriation of flexible purchasing budget holdback representing 10% of calculated budget allocations (\$0.65 million).

On March 1, 2010, the Board of Trustees approved that the projected operating budget surplus of \$2.9 million for 2009/2010 would be appropriated to assist in offsetting the 2010/2011 projected operating funding shortfall.

3.3 2010/2011 Projected Funding Shortfall

Based on projected cost increases and enrolment changes for 2010/2011, the operating budget shortfall for the VBE is projected to be \$18.12 million. The following table outlines the major components of the projected funding shortfall. Cost increases not funded by the Province represent the largest contributing factor to the projected funding shortfall. Another significant factor relates to one-time funding from prior year surpluses and transfers from the Local Capital Reserve that were used to help fund the 2009/2010 budget. This funding is not available in 2010/2011.

On March 15, 2010 the Province announced the 2010/2011 preliminary operating grants for school districts. The VBE was expecting a provincial operating grant of \$452.2 million for 2010/2011 based on the 2009/2010 operating grant adjusted for projected enrolment changes (including the initial implementation of All Day Kindergarten) and collective agreement increases. The preliminary operating grant for the VBE announced by the Province on March 15, 2010 was \$447.8 million, \$4.3 million less than anticipated. Accordingly, this resulted in an increase to the revised projected funding shortfall.

- a) Includes cost increases for salary increments (for teachers, administrators and PASA members) and employee benefits, offset by teacher turnover savings.
- b) Approximately 8% increase in Teachers' Pension Plan contributions effective July 1, 2010.
- c) MSP rate increase of 6% effective January 1, 2010.
- d) Estimated carbon offsets costs based on \$25 per tonne of green house gas emissions.
- e) Based on 2% inflation for supplies and generally higher rates of increase for utilities.
- f) Based on the \$2.90 million projected surplus for 2009/2010 adjusted for the following one-time items: 08/09 appropriated surplus of \$4.26 million, transfer from LCR of \$2.70 million, and other one-time net savings in teachers on call, utilities and other costs of \$3.23 million in 2009/2010.
- g) Estimates decline of 420 FTE regular students and 122 FTE ESL students, offset by a projected increase of 58 international students.
- h) Estimates 2,111 FTE All Day Kindergarten students and 709.50 FTE Half Day Kindergarten students. Net savings result as the VBE funded a portion of All-Day Kindergarten in the past.
- i) Estimates loss of investment income due to changes in the provincial cash flow system.

3.4 Local Capital Reserve

The Local Capital Reserve is comprised of proceeds from the sale and lease of Board owned property and previous years' operating surpluses transferred to the Reserve. Funds in the Reserve can be used to assist in funding the operating budget, with approval by the Board of Trustees. The Reserve has also been used to assist in funding major initiatives not funded by the Province (e.g. BCeSIS implementation, Computer Sustainability Plan and Class Size/Class Composition support).

The projected balance available in the Local Capital Reserve at the end of 2009/2010 is \$2.66 million as outlined in the following table. Net revenues of approximately \$0.9 million are also expected to accrue to the Local Capital Reserve during 2010/2011.

It is strongly recommended that the Reserve be maintained to fund any one-time costs related to the implementation of the 2010/2011 budget proposals and provide some protection against remaining budget uncertainties and any possible negative budget variances that may arise during the year.

3.5 History of Operating Budget Surplus/Shortfalls

Attachment D (page 51) provides a summary of the preliminary operating budget surplus/shortfalls since 2002/2003. Except for 2005/2006, the Vancouver Board of Education has faced a preliminary operating budget shortfall for every year since 2002/2003. In total, the Board has had to make net budget reductions of \$51 million and 276.8 FTE staff since 2002/2003.

As outlined in Attachment D, the greatest budget reductions in the past have been in district administration, transportation, school administration and facilities operations and maintenance.

3.6 Three Year Operating Budget Projection

The following table presents a three-year operating budget projection for the VBE. A projected funding shortfall of \$6.68 million is estimated for 2011/2012. The \$6.68 million projected shortfall for 2011/2012 could be greater if additional one-time funding sources are used to offset the 2010/2011 projected funding shortfall. An additional funding shortfall of \$5.64 million is also projected for 2012/2013. It should be noted that these are preliminary high-level estimates based on assumptions as to the major budget change factors over the next three years. Accordingly, these projections should be considered as range estimates rather than discrete numbers.

The projections are based on the following key assumptions:

- no change in general student enrolment or ESL students for 2011/2012 or 2012/2013;
- there will be continued cost increases of 2.0% per year for employee benefit costs and inflation for goods and services;
- no net cost increase for future labour settlements (assumes no increases or that they are fully funded by the Province);
- no change in per student operating grants from the Province or in the provincial funding formula;
- gradual phase-out of the formula transition adjustment (50% in 2011/2012 and 75% in 2012/13) ; and
- no change in other provincial funding (e.g. AFG, CommunityLINK, Pay Equity).

In order to help mitigate the impact of projected funding shortfalls for 2011/2012 and future years, the following will be recommended during the next year:

- initiation of school closures within the Board approved process;
- closures of additional outbuildings;
- relocation of the Main Street Adult Education Centre from its current leased premises;
- further review of facility rental rates and cost recovery policy and practice;
- further program closures and consolidations; and
- consolidation and streamlining of finance and administration and human resources services throughout the district.

If the Board of Trustees decides to close schools in the future, the following annual operating budget savings could be expected:

- \$200,000 for the closure of a typical elementary annex;
- \$400,000 for the closure of a typical elementary school; and
- \$1,400,000 for the closure of a typical secondary school.

In addition, if a school facility is declared surplus, additional revenue could accrue from the lease of the land and facilities. Provincial approval would be required for a lease greater than 10 years or the sale of property. Owing to the uncertainty of the potential increase in enrolments due to expanded kindergarten and early learning programs, the Province has placed a moratorium on the sale or long-term lease of surplus school facilities.

f) MSP rate increase of 6% per year effective January 1, 2010.

g) Estimated carbon offsets cost based on \$25 per tonne of green house gas emissions.

h) Based on 2% inflation for supplies and generally higher rates of increase for utilities.

i) Estimates loss of investment income due to changes in the provincial cash flow system.

j) Includes the Formula Transition (labour settlement) of \$1.36 million to be phased out 50% in 2011/12 and 75% in 2012/13.

4.0 **2010/2011 Preliminary Budget Proposals**

Attachment A (page 14) provides detail with respect to the preliminary operating budget proposals for 2010/2011. In total, these proposals would result in increased revenues or decreased expenditures of \$18.12 million in order to balance the budget given the projected funding shortfall.

The preliminary budget proposals have been developed based on the general budget guidelines outlined in section 2.0. The following table provides a summary of the budget proposals by major area.

5.0 **Stakeholder and Public Consultation**

Attachment C (page 49) outlines the meetings scheduled to obtain input from stakeholders and the public with respect to the preliminary budget proposals contained in this document. In particular, the following meetings are scheduled:

- April 15, 2010, at 5:30 pm at the Education Centre (Additional meeting added March 29th) – to obtain input from the general public
- April 20, 2010, at 7:00 pm at Mount Pleasant Elementary – to obtain input from the general public
- April 21, 2010, at 4:00 pm at the Education Centre – to obtain input from VBE stakeholders
- April 21, 2010, at 7:00 pm at the Education Centre (Additional meeting added March 29th) – to obtain input from the general public (if necessary)
- April 26, 2010, at 7:00 pm at the Education Centre - to consider adoption of the proposed local school calendar for 2010-2011

Based on input from the above noted meetings as well as written submissions and other comments received, revised budget proposals will be presented to the Education and Student Services and Finance and Legal Committee on April 27, 2010. The Board of Trustees will make their final deliberations and adopt the 2010/2011 Preliminary Operating Budget on April 29, 2010.

1.05 Learning Services - District Consultants, Teachers and Mentors

Currently a small staff of district consultants and mentors support schools in their professional growth and learning and development in a variety of areas. The proposed cuts would include the elimination of: Math Consultant (1 FTE), 2 Math Mentors (0.8 FTE), Learning and Development Consultant (1 FTE), Case Manager (1 FTE), Behaviour Strategies Consultant (1 FTE), Inclusion Consultant (1 FTE), Social Responsibility Consultant (0.5FTE), Anti-Racism Consultant (1 FTE), Anti-Homophobia Consultant (0.8 FTE), Literacy Consultant (1 FTE), 5 Literacy Mentors (2 FTE), Assessment Teacher (0.5 FTE), Teacher Librarian Consultant (1 FTE). Also, a 0.4 FTE Teacher Librarian Mentor position, a 0.4 Anti-Racism Mentor position and a 0.4 Anti-Homophobia Mentor position will be added.

There would be very limited support for schools remaining in Learning Services. The remaining Learning Services teaching staff would comprise: Literacy Consultant (1 FTE), 2 Literacy Mentors, Secondary (0.8 FTE), Reading Recovery Teacher Leader (1 FTE), ESL Consultant (1 FTE), Aboriginal Consultant (1 FTE), Modern Languages Consultant (0.4 FTE from Operating budget), Case Managers (2 FTE), Behaviour Strategies Consultants (2 FTE), Inclusion Consultants (2 FTE), Gifted Education Consultant (1 FTE), Augmentative Communication Speech & Language Pathologists (2 FTE), Pre-School Resource Teacher (1 FTE) would assume additional responsibilities for early learning, Apprenticeship Resource Teacher (0.7 FTE), ESL Assessment Teacher (0.5 FTE).

1.10 Additional Entitlements

- City School - Eliminate one (1) FTE (over formula) provided to King George for the City School Program. Currently 2.0 FTE are assigned to City School. The 1.0 FTE remaining assigned plus the entitlement for 30 students will create a 1:15 student teacher ratio.
- District Specified Alternate - Reduce 2.7 FTE (over formula) provided to various schools for coordination of District Specified Alternate Programs. Currently the blocks are assigned to: Athena, Challenge, Flex, Hockey Academy, Leadership Program, Odyssey, SPARTS, Summit, Tech Immersion, Transition, and Venture to help coordinate program work. Reducing coordination blocks to one per school with these programs will leave 8 blocks for schools affected. Reducing these blocks will mean more coordination work will fall to school administration, program coordinators and/or department heads.
- Elementary - Eliminate 0.7 FTE (over formula) provided to Britannia and Macdonald when populations were significantly higher than the current student population. Currently one (1) FTE is assigned to Macdonald and was in place when Macdonald was well over 200 students – current population is about 70. A reduction by 0.5 FTE would more than maintain the intent of the original accord. Britannia Elementary has 0.4 additional library time assigned as a result of an out-of-date letter of agreement. It is proposed to reduce Britannia by 0.2 FTE this year and eliminate the remainder allocation the following year.
- French Immersion - Eliminate additional blocks (over formula) provided to Secondary schools for French Immersion program. Currently 1.6 FTE are provided to Churchill, Kitsilano, and Vancouver Technical to allow for flexibility in timetabling for French Immersion programs. The elimination of these blocks will limit flexibility of course offerings and may impact class size issues in the French Immersion program.
- Mini Schools – Eliminate additional blocks (over formula) provided to Secondary schools for Mini School programs. Currently 4.0 FTE are provided to Byng, Churchill, Gladstone, John Oliver, Killarney, Point Grey, Prince of Wales, Templeton and Tupper. Elimination of these blocks will affect the coordination of specialized curriculum, field trips and special events held as part of the overall Mini School program in each school. A combination of time from School Administration, Mini School Coordinator and/or Department Heads will be required to perform coordinating duties.

A reduction of 4.0 FTE SSA positions in Inner City Schools is proposed. This Inner City School staffing has been assigned to designated schools to support parent and community engagement, liaise with community organizations, and provide support to teachers and to children in classrooms. As there is differentiated Inner City School staffing, this will impact some Inner City schools that currently have more than 1 FTE Inner City School SSA staffing. This would reduce the capacity of the school to foster family and community involvement in the school and to support the goals of the Inner City Schools Program.

Reduce 4.0 Multicultural Liaison Workers (MCLW). The reduction would include one MCLW in each of the following groups: Chinese, Khmer, Indian and Vietnamese. The reduction in staffing will mean less available services for the students and families in these particular language groups; however, given the declining number of new students entering the district from Cambodia, India and Vietnam, an adequate level of services could still be provided to these groups through the existing MCLW and Settlement Workers in Schools (SWIS) workers or through other means. Although the vast majority of new immigrant students entering the district continue to come from China, the loss of an additional Chinese MCLW would require other MCLW's and SWIS staff to take on greater responsibilities in order to provide an adequate level of service for Mandarin/Cantonese speaking students and families.

Currently, staff in Learning Services provide release time for a variety of areas of support. These include support for Literacy (\$118,000), Assessment (\$65,000), Libraries (\$30,000), ESL (\$30,000), Math (\$30,000), Learning and Development (\$96,000), Fine and Performing Arts (\$30,000), Athletics (\$10,000), Career Programs (\$ 44,000) Special Education (\$95,000), French Programs (\$242,000) and Social Responsibility (\$62,000) and other release time for miscellaneous projects. Most of this release time is provided for professional development activities.

The proposal is to cut \$200,000 from this budget. Another \$400,000 of the total, including all the Professional Development funds currently kept at the District level, will be allocated for direct access by schools for release time for assessment for learning and professional development.

The release time will be allocated based on size of school: 5 days for schools under 250, 10 days for schools between 250 and 500, 15 for schools between 500 and 1,000, and 20 for schools over 1000. The remainder will be kept at the district level for such activities as the Assessment Series for school teams, French Program support, and for special education training such as Non-Violent Crisis Intervention Training (CPI).

It is proposed to reduce the allotment of Elementary administration through the increase of teaching time for administrators. The reduction will be equivalent to 5 teaching FTE. Elementary Vice-Principals in main schools will have variable teaching time as determined by population. All annexes will have 0.3 administration time. The following schools with student population under 200, through an attrition process, will be designated annexes for staffing purposes and have up to 0.8 Vice-Principal admin time: Britannia, Franklin, Fraser, Grandview, Lord, Macdonald, Mount Pleasant, Seymour, Tye.

The reduction of administration time will add to the workload of the current staff at schools affecting organizational efficiencies, instructional leadership, professional development and possibly student safety.

This reduction will also include a change in staffing process for department head positions to a more differentiated model. Rather than a set number by school the number of positions per school will be based on student and staff FTE. This reduction will reduce position count by 72 leaving approximately 10 department head positions per secondary school.

Reduce the allotment of Elementary Vice-Principals through attrition and replace the position with a head teacher position (paid at small department head allowance) in schools with a student headcount of 350 to 449. Currently, for 2010/11, this would mean the elimination of four (4) Vice-Principal positions (Carleton, Roberts, Cunningham and Waverley) and the addition of three head teacher positions. As more retirements are known, the number of schools impacted could increase. Eliminate one VP position at McBride as the school is reducing below the 400 student headcount threshold.

- It is proposed that an initial fee of \$1,000 apply to each new application for leases and licenses. For extension or renewal of existing leases and licenses, an application fee of \$500 is recommended.
- It is proposed that a \$25 processing fee be applied to all rentals (new applications and renewals). It is also recommended to introduce a \$25 amendment fee.
- It is proposed rental revenues be increased by installing building access control systems at a number of school gyms. This would reduce the need for engineering time, making the rates more affordable which in turn it is estimated to increase demand for weekend use of gyms.

- Reduce utility budgets by \$15,000 by implementing the proposed 2010/2011 Local School Calendar

The closure of such facilities would require one-time facility work such as changing door locks, boarding windows, and adjusting mechanical systems to shut down operating mode.

Projected operating savings are \$133,597/annum for reduced custodial/cleaning services and reduced energy consumption.

Outbuildings that should be considered for closure are listed:

If the Board of Trustees decides to close schools in the future, the following annual operating budget savings could be expected at a minimum for each and every year:

- \$200,000 for the closure of a typical elementary annex;
- \$400,000 for the closure of a typical elementary school; and
- \$1,400,000 for the closure of a typical secondary school.

For example, should the Board choose to consolidate and close an elementary school, the savings compounded over three years would be approximately \$1.2 million.

In addition, if a school facility is declared surplus, additional revenue could accrue from the lease of the land and facilities.

11.0 **Other**

11.01 **Employee Future Benefits**

With the introduction of generally accepted accounting principles in 2004/2005, the VBE recognized a liability for employee future benefits (e.g. early retirement incentives, death benefits). The VBE has been making contributions over time from its operating budget to fully fund this liability.

Over the last few years, the VBE has been making contributions of \$442,546 towards the reduction of the unfunded liability. The Board agreed to suspend the contribution for 2009/2010.

It is proposed to amortize the remaining unfunded liability (\$2.655 million) over a 10-year period (i.e. \$265,528 per year). This will result in savings of \$177,018 for 2010/2011.

CommunityLINK

CommunityLINK

CommunityLINK funding, which is not included in the Operating Budget, is used to support programs for vulnerable children. Within the Vancouver Board of Education, this funding supports the Community School Teams, School Meals Program and Alternative Programs Youth and Family Workers.

The Community School Teams program is based on a hub model of service delivery. Twelve integrated teams of staff work in a hub, or family of schools, each team centred on a secondary school and its associated elementary feeder schools. Each team includes a coordinator, teacher, youth and family worker(s) and activity programmer(s). The central purpose of the program is to serve vulnerable children and families through a variety of programs and services which operate at school during the day, as well as out of school time into the evening and weekends.

The School Meals Program provides all children in designated schools with the opportunity to consume a nutritious and affordable meal while at school. The program is currently in 27 elementary schools, 21 alternate programs and available to vulnerable students in all secondary schools. Parent contributions help offset a portion of the cost of the program.

The Alternative Programs Youth and Family Workers provide services in District programs and some schools. Such services as group and individual counselling, development and/or implementation of behaviour management strategies, social/emotional learning programs and liaison with community agencies are offered to vulnerable children and youth.

The following table provides a preliminary projection of the revenues and expenses of the CommunityLINK programs for 2010/2011 and the preliminary estimated funding shortfall. The estimated funding shortfall will be updated once the provincial funding for 2010/2011 is announced. Budget proposals to address the initial \$0.60 million funding shortfall for CommunityLINK programs will be presented in a separate document. Additional budget proposals may have to be presented after the provincial funding for the VBE is known.
