enhancing visual arts in
Vancouver schools
supported by the Betty Wellburn Trust

AWARDS TO IGNITE INNOVATION

We are looking for projects that are above and beyond the artist-in-residence program projects

Betty Wellburn was a visionary teacher and Art Coordinator in Vancouver schools, where she created innovative programs in Visual Arts across the District. She has left a financial legacy, making it possible to have enhanced Artists-in-Residence programs in Vancouver public schools.

With an overall goal to celebrate the visual arts in Vancouver schools, Artistic Legacies is an ongoing program in its seventh year of implementation for the 2009/2010 school year. This program will provide students with further opportunities to work in depth with eminent artists in our Vancouver and leave a lasting and creative legacy.

Artistic Legacies

Artistic Legacies will provide funding for teachers to work with eminent artists to design projects for collaborative work, which will leave a lasting impression in our schools. One purpose of this work is to ignite innovation.

Artistic Legacies was created to promote meaningful and innovative artistic experiences for VSB students that result in the perpetuation of unique and distinguishable projects that emphasize the visual arts.

Please visit our website at:
