

21st Century Learning Environments

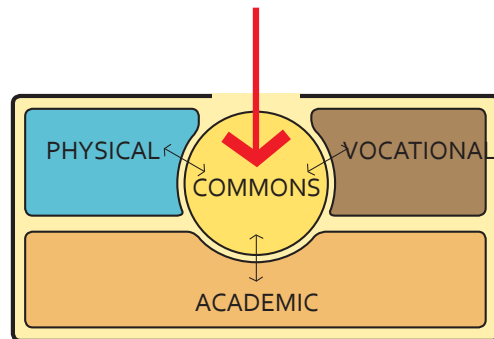

This board is intended to illustrate newer, less traditional ways of designing learning spaces:

1. Connect with the Community

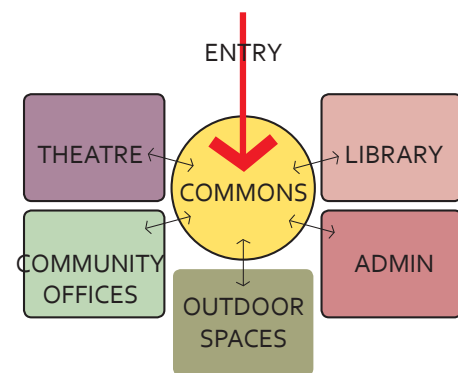

- Welcome the Community
- Provide spaces for Community use
- NLC spaces

2. Create a Central Learning Commons

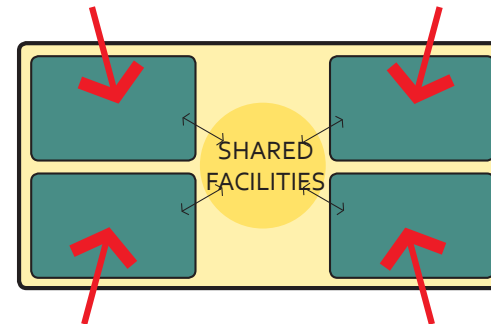

- 'Heart' of the School
- Assist in Way-finding
- Gathering place
- Accommodate large groups
- Community use
- Flexible

3. Reinforce Student Commons with Complementary Uses

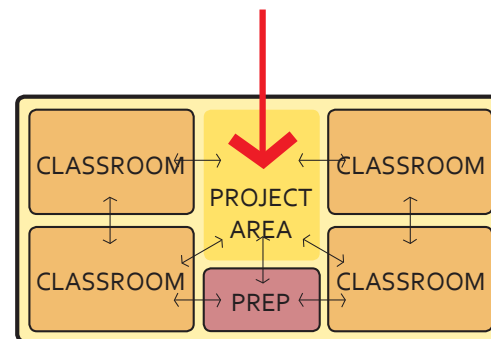

- Relationship with Theatre and Library
- Connect with Outdoors
- Welcoming Entry

4. Form Small Learning Communities

- Separate Groupings
- Multiple Entries
- Reduction of Scale

5. Create Learning Clusters

- Flexible Learning Areas
- Cluster Classrooms around Project area
- Include Teacher prep room

• Street of Learning

• Student Commons

• Project Area

• Library

21st Century Learning Environments

This board is intended to illustrate newer, less traditional ways of conceptualizing learning spaces:

Learning Spaces

Swarthmore College

• Outdoor Classroom

• Indoor-outdoor Connection

Fielding Nair International

• Eco Garden

Galilee Catholic

• Quiet Reflection Area

New Satine High School

• Classroom - Learning Hub

Silver Lake Regional High School

• Science Lab

Canning Vale High School

• Project Area

Arts and Media Spaces

West Linn High School

• Integrated Library - Multimedia

Polaris K-12 School

• Messy Work Areas

Terry Fox Elementary

• Adequate Storage

Social Spaces

Cristo Rey High School

• Student Commons

Atrium School

• Multipurpose Space

St Bede's School

• Covered Outdoor Areas

Activity Spaces

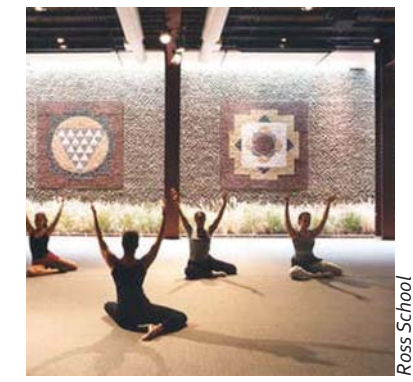

Cristo Rey High School

• Daylit Gymnasium

Colegio Altamira High School

Ross School

• Building as 3D Textbook

Kitsilano Secondary School
