

Douglas Elementary School  
 June 28, 2010 Open House  
 Summary of Feedback

Approximately 20 people dropped in during the Open House at Douglas Elementary to view the presentation boards and share their thoughts with project staff. Only 3 written feedback forms were submitted. A profile of the attendees based on the information provided from the sign in sheet is provided. All written feedback and suggestions were reviewed and a summary of the comments received is noted below.

As we move forward in the design development phase, the concept plan will be analyzed and refinements made based on structural, mechanical, code, construction, City of Vancouver, Ministry of Education, budgetary and other requirements relative to educational program needs.

Feedback Summary

**1. What do you like or dislike about the revised concept for the replacement Douglas School building (relocated library, multipurpose room, learning communities, administration area)?**

- Like that resources are shared
- Like the community of learning concept
- Like closing off school and still access to gym, multipurpose room for school evening events
- Very organized with pictures and ground plan indicating use of building and rooms

**2. Which aspects of the learning community concept design do you see as most supportive for student learning or needing more attention to support student learning - why?**

- The size of the "community" is biggest positive
- Floor plan of school

**3. Do you have other comments on any information presented at today's Open House?**

- Like the bike room for teachers- Need covered space for student bikes
- Most interested in the early learning center and future programming
