March 29, 2021

Dear Families,

I am writing to let you know that the District has begun planning for the 2021/22 school year. Each school is asked to provide the District with information about the number of students we anticipate for next year. This information is extremely important as we plan to ensure we have the appropriate staff in place for September.

As a family with a child in Option 4, you are aware that Option 4 will end on June 29th, 2021 and that Option 4 will not continue in the 2021-22 school year. We are reaching out to families with children currently in Option 4 to determine your plans for September. The health and safety of all students and staff continues to be the top priority of the District as we look ahead to next year. All schools will continue to implement enhanced [health and safety guidelines and protocols](#) to support students safely returning to class in September.

Please complete the survey below to indicate your family's intent, at this time, for September. We will be in touch again, closer to the end of the school year, to ask that you confirm your plans so that we can finalize enrolment numbers for September.

Please complete this [survey](#) by April 5, 2021 at 8pm. The survey has 6 questions:

1. Please select your elementary school name
2. Please enter your child's last name
3. Please enter your child's first name
4. Please enter your child's grade level
5. Are you planning for your child to return to in-person learning in September 2021?
Yes or No
6. If No, what are your plans for your child? (See additional information below on options to in-person instruction.)
Vancouver Learning Network
Home Schooling

Other

If you require assistance with translation, please contact the school. Please know that we will follow up with all families we do not hear from to determine how to support you and your family.

Thank you for your assistance as we plan for the next school year.

Additional Information - Options to In-person Instruction:

Return to in-person instruction in September.

***[Vancouver Learning Network](#) - Elementary Program**

The Vancouver Learning Network is a distributed learning program operating within the Vancouver School District. Please visit the website above for more information.

As per usual practice, students enrolled in distance learning will be withdrawn from their home school or program and space will not be held for them should they wish to return.

****[Home Schooling](#)**

Families who select this option are required to register their child as a Home Schooler by September 30 at their child's catchment school. Home School students are not provided with support or assignments by teachers and do not participate in any school classes or activities. Home school students are able to borrow texts from schools to support student learning.

As per usual practice, home school students will be withdrawn from their home school or program and space will not be held for them should they wish to return.

Hospital Home Bound Instruction

For students with diagnosed medical conditions that prevent them from attending in-person instruction, please contact your child's school to discuss the Hospital Home Bound Instruction Program.
