

Theme: ABC's

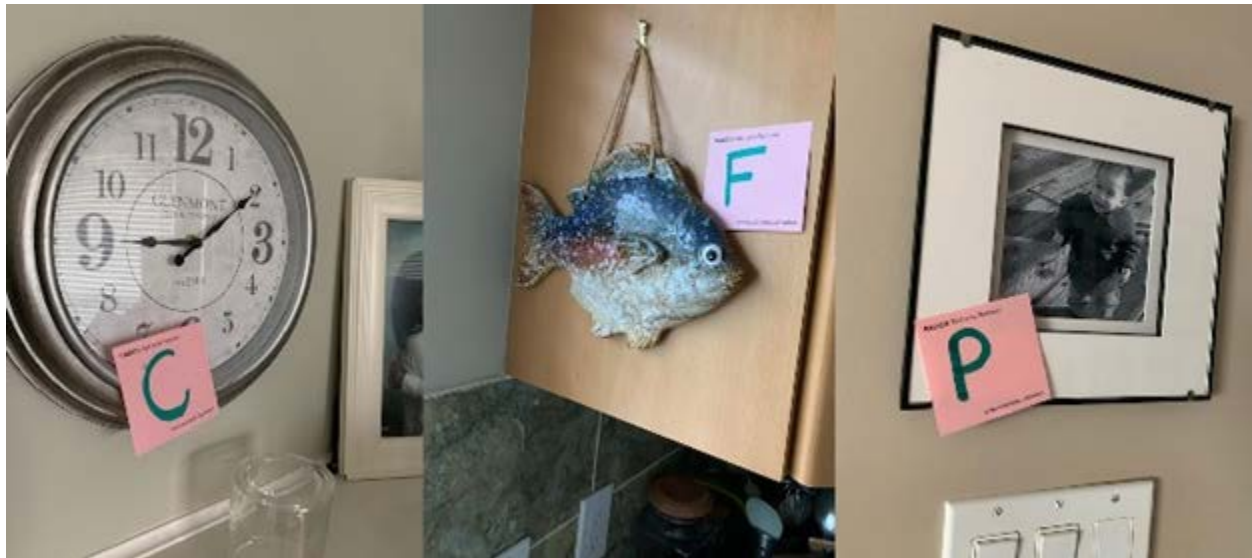

Date: April 6, 2020

Good morning StrongStart friends,

Thanks for joining us online today 😊 We are all very excited to try this out. As mentioned last week, all 19 facilitators will be working together to move the program online so you will be meeting new facilitators and seeing familiar ones in these upcoming weeks.

Today's email content was put together by Teacher Sandy (from Queen Alexandra) and Teacher Michelle (from Douglas). Meet them and join them in singing the ABC song here - <https://youtu.be/w8TLyhLjsg>

What about an ABC scavenger hunt at home? Write a few letters on post-it notes and stick it on objects around the house that starts with the same letter. For example, "F" is for fish or "C" is for clock. Ask your children to go look for either the object or the letter. With infants and toddlers, use only 1 or 2 objects at a time and emphasize the sounds like "buh buh buh" for ball. Don't feel silly about saying it over and over because repetition helps with learning!

Can you make a letter for your name, take a picture and share it with your friends?
