

Theme: Aluminum Foil Painting
Date: June 13, 2020

Hello StrongStart families,

Today's email is put together by Teacher Issette (from Mount Pleasant).

Let's try something different today. Let's paint...but on a different surface to see how it looks. Grab some aluminum foil and some painting utensils like q-tips, cotton balls, sponges and brushes. Tape down the corners of the foil so it doesn't slide around.

By using a variety of painting tools, children are working on different aspects of their fine motor skills like their pincer grip which will be handy for writing and holding a pencil.

If you need some inspiration, read "I Ain't Gonna Paint No More" by Karen Beaumont
