

Theme: Ladybugs!

Date: June 23, 2020

Good Tuesday morning!

We hope you had a great weekend 😊 Today's email content is put together by Teacher Issette (from Mount Pleasant).

Ladybug

Ladybugs are beautiful little creatures because of its bright colours and tiny size. When the weather is warm, we can go outside to find some!

Here are some cool ladybug facts:

- Ladybugs are a type of beetles.
- Some ladybugs have no spots and others have up to 20 spots.
- To help defend themselves, ladybugs play dead.
- The colour of the ladybug sends off a message to its predator that it may taste bad or be poisonous.
- Ladybugs live up to a year.

After, let's sing a repeat-after-me song called "Ladybug, Ladybug" with Teacher Issette - <https://youtu.be/Jh0JJNfrHgM>.

*Ladybug, ladybug,
Landed on my thumb.
Crawled up to my wrist.
And crawled up to my elbow.
Ladybug, ladybug,
Crawled up my arm,
and then she flew away!*

*Ladybug, ladybug,
Landed on my head,
Crawled onto my nose.*

*And over to my ear.
Ladybug, ladybug,
Crawled on my neck,
and then she flew away!*

*Oh, ladybug! Oh, ladybug!
Oh, won't you be my friend?
Oh, ladybug! Oh, ladybug!
Won't you come and visit me again?
Won't you come and visit me again?*

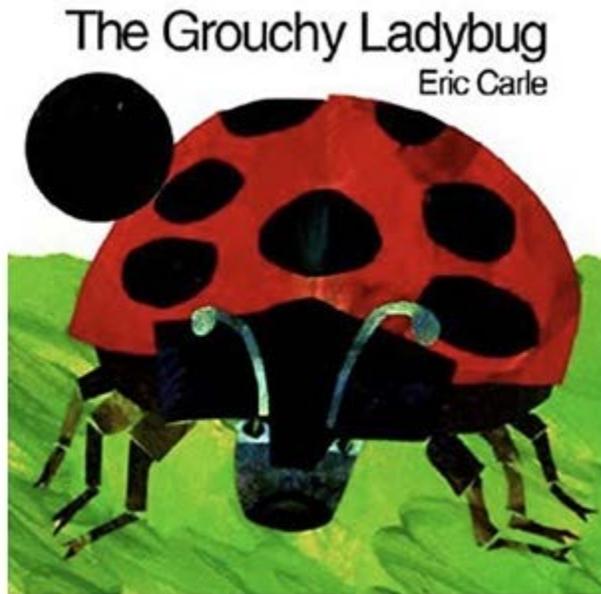

In the end of the video, Teacher Issette shows you her Toilet Paper Roll Ladybug Craft and here's how you can make your own.

Supplies - toilet paper roll or egg carton for the body; glue for wings and antennae, paint or markers in red and black, scissors to cut 2 semi-circles for the wings.

To wrap up this email, we will be reading a book called "The Grouchy Ladybug" by Eric Carle
- <https://youtu.be/vlhucZKcALk>

Thank you for reading! Send us a photo of your ladybug creations 😊
