

Good afternoon Osler Community,

Professional Development Day on Friday February 12. No school for students on this day.

Ms Ingrid has decorated the main office with beautiful red decorations to welcome in the Lunar New Year! With New Year and Valentine celebrations around the corner some families may be thinking about sending Valentines or such with their children to school. As always each classroom teacher treats various days differently. This year may look different in your child(ren)'s classroom(s). Our COVID protocol permits cards being handed out to the students within classrooms and cohorts. If there are activities around these celebrations teachers will provide further information specific to their classroom.

Parent teacher goal setting conferences are this week. This is a time where home and school connect to review student progress and goals. This **Wednesday and Thursday** students will be dismissed at 2:00. Please ensure a prompt pick up at this time so that teachers can stay on schedule.

The Osler staff will be participating in a variety of professional development activities on Friday. We look forward as a staff to be learning new things together such as Social Emotional Learning, and then bringing these ideas into the classroom!

You may have heard through the news media about updated COVID protocols within the school setting. The Vancouver school district is carefully reviewing these protocols and will be providing updated information next week.

REGISTER TODAY AND JOIN THE FUN!
