May 11, 2021

Dear Gladstone Secondary School Families,

I am writing to let you know that we have been made aware that a member of our school community has tested positive for COVID-19 and a potential exposure to Gladstone Secondary School occurred on April 27, 28, 29, 30, May 3, 4, 5, 6, and 7.

Individuals who tested positive for COVID-19, and their close contacts, have been contacted directly by Vancouver Coastal Health (VCH) and asked to isolate at home. Students and staff in five classes have received a letter from VCH asking them to self-monitor. If you have not been contacted by Vancouver Coastal Health, it is because they have determined your child is not at risk and you do not need to be concerned. As always if you have questions about COVID-19 please contact your health care provider, call 8-1-1 or see the Vancouver Coastal Health website (www.vch.ca).

I want to assure you that the safety and well-being of our students, families and staff remains our highest priority. Gladstone Secondary School will continue to implement strict health and safety protocols and procedures. The Vancouver School District works very closely with, and follows the guidance and direction of, Vancouver Coastal Health.

As a school and District, we are required by law to protect the personal privacy rights of individuals. As such, we are unable to provide any information beyond what has been shared in this email.

As the school year progresses it is normal for students and staff to be away from school from time to time due to illness, vacation, or family circumstance. I ask for your support in not speculating or commenting on such absences.

I want to thank you in advance for your kindness and compassion to everyone in our school community.

Diane Phillips
Vice-Principal
Gladstone Secondary
