Additional Information

Emergency Reunification Background

In the rare event of a significant emergency or disaster, the school may use its emergency student reunification process. Examples of disasters where emergency student reunification may be used include but are not limited to:

- A major locally damaging earthquake,
- Overland flooding, or
- Other life-threatening regional or school emergencies.

Additional People Authorized to Pick-Up Students

While we don't like to contemplate it, during major emergencies some parent(s)/guardian(s) may not be able to get to the school to pick-up their child(ren), either because they are unable, or roads/bridges are blocked. Therefore, all parent(s)/guardian(s) are encouraged to authorize 3 additional adults to pick-up their child(ren) in the event of a major emergency, such as a damaging earthquake. When considering authorizing these people, they ideally should be:

- An adult (over 19 years of age).
- A trusted individual, such as a close friend, family member, or neighbour.
- Physically able to travel to the school despite some obstacles in the community.
- Located near the school during much of the school day (on average).
- Able to speak English (Optional: An asset post-disaster as translators will likely be limited).

****Those authorized to pick up students will require a piece of identification upon arrival at the school. ****

Out of Region Contact

This is a trusted adult who resides outside of the area impacted by the disaster; typically, someone who lives outside of Metro Vancouver. They can be important as a central contact for all members of your family following a major disaster, such as an earthquake. It is an asset for this person to be competent using computers and technology and to be live within Canada.
