

Brit News Tuesday, March 31, 2020

Hello Britannia Families,

Hello everyone,

As you know... **regular classroom instruction is suspended throughout British Columbia and although the school is open, the building is locked and is not accessible to students, families and the public. Please do not visit the school at this time.** The health and safety of our students, our staff and our community is our top priority.

What you can expect from March 31 – April 3:

- The District will continue to keep families informed of matters related to the COVID-19 response. Please visit the District website at <https://www.vsb.bc.ca/News/Pages/COVID-19-Updates.aspx> for additional information as well as our school website for details that are specific to our Brit school community.
- Teachers will be establishing a communication plan with families and students. This communication will begin to take place on Thursday and Friday of this week.
- Information will be shared regarding when and how students will be able to visit the school to pick up the belongings, and the materials, resources and supplies they need to use to continue their learning at home.

Stay well,

The Brit Admin
