

BRITANNIA NEWS UPDATES FOR FAMILIES

WEDNESDAY, APRIL 1st, 2020

Hello Britannia Families,

As you know, with the COVID-19 pandemic, classes have been suspended and schools are to eventually provide learning opportunities while students are at home. With that in mind, Britannia teachers will be reaching out and connecting with their students to resume their education, albeit from a distance. This is a shift for all of us and there will be some bumps along the way but together we will get through this.

Starting today, your child will be receiving an e-mail from their block 1.1 teacher through the MyEducationBC portal. The purpose of this e-mail is to ensure that teachers can connect with students at this e-mail address in the coming days and weeks. If the teacher does not receive confirmation of e-mail, then our staff will be calling you directly to update our database with valid e-mail addresses for students. The email also contains a link to a short survey which students are asked to complete. We would really appreciate a quick response from the email so we can connect and communicate with all our students.

The Ministry of Education has recently provided further information and created resources to support BC schools response to COVID 19. This information may be found at this link: <https://www2.gov.bc.ca/gov/content/education-training/k-12/administration/program-management/safe-caring-and-orderly-schools> which includes [frequently asked questions](#).

Take care,

The Brit Admin
