

# DT STUDENT COUNCIL CANDIDATES

2020-2021

---

## GRADE 12 REPRESENTATIVE

### Sarah Shawn

Hello, my name is Sarah Shawn, and I am running for the position of Grade 12 Rep. I am running for student council, because I want to continue with something I have been a part of for the last two years. Since I was one of the Grade 10 Reps, and a Member-at-large, I have plenty of experience of being part of council. The things I like about our school, is this sense of harmony among the staff and students. This sense of harmony comes from the fact that everyone is friendly, supportive of each other, and tries to be inclusive in everything we do. Another reason is that we respect and are supportive of our differences and diversity. With the recent challenges and difficulties because of COVID-19, I have seen how we are supporting each other through this time. The events I would like to have, are ones that keep students connected even if we are all at home. I would like them to be a network where we all support each other through fun and games. We could use social media, apps, or websites to host our events. I am looking forward to contributing to student council.
