During **Bayview's seismic upgrade**, September 2019 to June 2021, the preschool will be located at Queen Elizabeth Annex: 4275 Crown Street, Vancouver, BC V6S 2K3

Indoor Program: Bayview Community Preschool is a unique, licensed, nonprofit school. Our preschool aims to inspire curiosity, independence and self-discovery in children and foster a sense of community in parents and educators. Our goal is to provide a nurturing play-based environment where children practice independence, build self-esteem and learn to problem solve. Students learn through theme-based activities including storybooks, songs, arts and crafts and occasional field trips. **Availability: M, W, F mornings**

Outdoor Program: Bayview Treehouse Nature Program meets at Jericho Beach. In this beautiful setting, children learn to build shelters, tie knots, climb, explore and play in nature's natural playground. Our children are delighted to sing nature songs, create eco-art and learn about the vegetation and animals that surround them. Rain or shine, we dress for all weather! **Current Availability: M, T, Th afternoons**
