Celebrating the grade 7s and PAC.

Grade 7 students

The staff at Henry Hudson are so excited for our group of grade 7 students heading off to High School. We are confident they will represent Hudson in a positive way.

We would like to wish fond farewell to these amazing Grade 7 students. They have so much potential, and we know that they will contribute to our society in incredible ways. We encourage them to pursue their dreams and to continue to work hard. We hope that they keep close to them their current friendships and welcome new ones. We also hope that they stay strong, adventurous and keep on learning.

The students will leave full of great memories; amazing educators that supported them academically, socially and emotionally. Some field trips through Zoom and others walking in our community. Some protocols forced us to design different kinds of fun; we had several Spirit Days and Games Day!

They have made a lasting impact demonstrating kindness, collaboration, and creativity. We thank them for making a positive difference to our school community.

This is the last day they will be referred to as grade 7 students. Welcome to grade 8, you will enjoy the new adventures and journey ahead.

Congratulations and have a safe and fun summer!

Saying good-bye

We sadly have to say good-bye to Mme. Klymchuk, Ms. Amanda, Ms. Alexa and Mrs. Bouchard. We wish everyone well in their next school and new roles. Each one has made a difference in our school community.

Comments from students and staff to the P.A.C.

Thank you families for your dedication, support, and kindness you have given us this year. We truly appreciate you!

- Ms. Chang

This year, I used class funds to buy sports equipment and outdoor toys, plasticine to make dioramas and new art supplies. Many fun and engaging activities that we did this year would not have been possible without PAC funds.

- Mme Suzanne and Division 17F

Division 6 was very fortunate to have a presentation from the Vancouver Children's Festival called "Loud" presented in our classroom. We didn't get the opportunity to go on field studies this year so it was great having such a dynamic presentation come to us!

We want to say a big thank you to the PAC for allowing our students to experience these activities with their peers in a school setting without your continued support these valuable experiences wouldn't happen.

Thank you!

- Cathy Walls Division 6

Well, Division 1 was sure grateful for the \$\$ we spent on the virtual Children's Festival and the amplifier that allowed me to save my voice through the mask and take them outside more often. The financial support we received made a difference and directly met the challenges of teaching during a pandemic. We were also so grateful for the clay we used to make whistles!

- Ms. Dosch, Division 1

Dear PAC,

Thank you for generously donating money to Division 4 we spent to enjoy our learning. We spent this kind donation to have exciting projects such as: making paper roller coasters which has been a fun project for the last few months. We also used this to make amazing duct tape wallets, which was a cool project that everyone had fun doing. Thanks to you, we and our classmates enjoyed a lot of fun days with memories that will stay with us for a long time.

Katie, Lucie, and Division 4.

Paper roller coasters

By Ethan (division 4)

Our paper roller coasters were fun to make but at some times it could also be hard. Eventually we would figure it out and when an idea works it feels amazing. The best part about paper roller coasters is testing them. Especially when it works! One thing I thought was hard about the paper roller coasters was making all the tracks and trying to figure out all the steps. Overall, I really liked the Paper Roller Coaster project.
